

# How to Use the Periodicals List

This list provides the most current information about the print and microfilm periodical holdings for the LeDoux Library.

It includes:

- **Current subscriptions**
- **Call numbers**
- **Holdings**
- **Formats**
- **Indexes covering the contents**
- **Online Accessibility**

The most recent issues of periodicals may be shelved in the lobby area, in the front of the Science/Reference Room, or in the front of the Social Science and Humanities Reference Room on the second floor. Older issues and bound volumes are shelved in the book stacks according to their call numbers. Microfilm and microfiche editions are shelved in filing cabinets in the Science Reference Area.

If journals are titled by initials, the acronyms precede the other titles beginning with the same letter. For example:

**AARC**

**AORN**

**Academe**

**Acadian**

The abbreviations for the formats in which you may find the periodicals indicate:

**B = Bound volumes** **F = Microfilm or Microfiche** **P = Paper issues**

Periodicals do not leave the library, but articles may be photocopied for later use. Photocopies are 10¢ per page. The cost of printing is 10¢ per page or 3¢ per page when printed on the networked printer with your Swipe card.

The indexes in the LeDoux Library that refer to articles in the periodicals are indicated. All of the indexes may be searched online. The BEST place to find information about periodicals in the Library is the staff. Ask anyone of them if you need assistance.

Limited access to older articles not found in contemporary online indexes and periodicals is still available via paper indexes located on wall shelves on the second floor of the library.
